

Question:	Answer:
<p>1. Is it acceptable for the Contracting authority that the bidder submits a reference in the last five years before the deadline for submitting bids, has performed work on at least 2 (two) projects of the same nature/complexity as the work to which the tender refers, i.e. work on the construction of swimming pools within water treatment plants considering that they are works of the same nature and complexity?</p>	<p>1. Works on the construction of the pool within the water treatment plant can be submitted as references, given that the work involved is of the same or similar nature and complexity as the work on the pool to which the tender relates.</p>
<p>2. Is it acceptable for the Contracting authority that the bidder submits a reference for key personnel with at least 5 years of professional experience and at least 2 projects of a similar nature and position to this project, i.e. on the construction of a swimming pool within a water treatment plant, is acceptable for the Contracting authority, since these are works of the same nature and complexity?</p>	<p>2. Works on the construction of swimming pools within the water treatment plant can be submitted as references for key personnel with at least 5 years of professional experience and at least 2 projects of a similar nature, given that the works in question are of the same or similar nature and complexity as the works on pool to which the tender refers</p>
<p>3. Instead of court certificates, Police, tax certificates, etc. is it acceptable for the client to submit an extract from the register of bidders, because according to Serbian legislation, the submission of this extract replaces all those certificates, the issuance of which takes a lot of time?</p>	<p>3. An extract from the tenderer's register can be an acceptable document instead of the individual certificates you mentioned, if this is explicitly stated in the public procurement documentation published by the contracting authority. It is important that you carefully read all the documents related to public procurement, in order to be sure that you have attached all the necessary documents and fulfilled all the conditions specified by the client in the tender documentation.</p>
<p>4. Can you clarify which machines the request for technical qualification refers to, the file is SEC 1 Instruction to tenderers:</p> <ul style="list-style-type: none"> - Trenching machines – 1 - Dewatering plant – 1 	<p>In the document SEC 1 Instruction to tenderers, the requirement for technical qualification refers to the following machines:</p> <ul style="list-style-type: none"> - Mašina za iskopavanje kanala – 1 - Postrojenje za odvodnjavanje - 1
<p>5. Our company is preparing proposal for the project reconstruction of the swimming pool in the village of Donji Dusnik, Gadzin</p>	<p>5. Unfortunately, it is not possible to grant a time extension for the project deadline</p>

Han, could you please inform us if there are any question and answers and also, we are kindly requesting at least 15 days' time extension if possible?

due to the PRAG procedures. These procedures have specific timelines that must be followed to ensure transparency and fairness in the procurement process. As a result, all bidders must submit their proposals by the deadline stated in the procurement documents.

Regarding the Q&A session, I can inform you that the questions and answers will be published latest by 24.02.2023, as per the PRAG procedures. It is essential that you review these documents carefully and thoroughly to make sure that your proposal meets all the requirements and specifications of the project.
